EXPERIENCE

Solutions Developer Co-op

Population Health Research Institute

📅 March 2018 – September 2018 📍 Hamilton, Ontario

- Worked with a team to maintain clinical trial software using the ASP.NET MVC framework. Designed intuitive forms and removed bugs to create a smoother user experience.
- Built and designed a modern product landing page using ASP.NET, HTML5, and the Bootstrap framework.
- Embraced the agile development methodology, aided by tools such as Team Foundation server and Git.

Web Administrator & Developer

Self-Employed, \$30k Profit

📅 2015 - 2018

- Developed and implemented a custom CMS using PHP and MySQL, as well as a user management system handling over 200k users.
- Created and maintained website for users to play games, compete, and win gift-card prizes, attracting 50k monthly unique visitors.
- Developed web applications using jQuery that allowed users to connect to and manipulate their accounts on a popular online game.

PROJECTS

FuelPlan

Chrome Extension for Google Maps

📅 November 2018

- Developed a Google Chrome extension that adds a new trip cost feature to Google Maps. FuelPlan retrieves gas prices and fuel mileage based on vehicle selection and displays a calculated trip cost under directions.

Connect Four Online

Multiplayer Web Game

📅 June 2018

- Built and designed a web version of the game connect four. Added online multiplayer functionality by developing a RESTful API using PHP and MySQL.

EDUCATION

B.A.Sc. in Computer Science

McMaster University

📅 September 2018 – Expected June 2022

Achieved a 3.9 GPA on a 4.0 scale

SKILLS

C# JavaScript React.js jQuery

SQL PHP AJAX Python

HTML5 CSS Java Haskell

.NET MVC MySQL Bootstrap

UI Design Git TFS Agile

STRENGTHS

Communication

Eye for detail

Problem solving

Self-management

VOLUNTEER WORK

Teen Tech Volunteer

Hamilton Public Library

📅 May 2017 - Sept 2017

Assisted elderly one-on-one with technology such as tablets, phones, and laptops.

COURSEWORK

Data Structures and Algorithms

Functional Programming

Computational Thinking

Programming in Python

EXTRA-CURRICULARS

Hack Western V

University of Western Ontario

📅 November 2018

MakeUoft Hackathon

University of Toronto

📅 February 2019

McMaster Tennis Club

McMaster University
